COMMUNITY NOTIFICATION

November 25, 2019

Re: **Wolfe Runne Sewer Expansion, Project S20-13**
Notification of Upcoming Field Survey

Dear Property Owner:

Sussex County is pleased to advise Project S20-13 has commenced, for sanitary sewer expansion serving your Wolfe Runne community.

The County is working with George, Miles & Burh, LLC (GMB) our consultant engineer, to provide services as we move through design, permitting and bidding efforts. Their first tasks include topographical survey and mapping of the project area. The GMB survey crews will be in marked vehicles and safety vests while collecting data along community roadways, and occasionally on private property to locate items such as driveways edges, septic equipment, visible property corners, etc.

Survey work is expected to begin **Monday, December 16th** and continue for approximately 6-weeks pending weather conditions.

We will keep your HOA apprised of our progress and provide additional community notices in the future. If you have any questions in the meantime, please feel free to contact me at (302) 855-7815. We look forward to working with the Wolfe Runne community on this project.

Sincerely,
SUSSEX COUNTY ENGINEERING DEPARTMENT

Patrick Brown, P.E.
Project Engineer III, SCED
